Since the business was formed in 1987, our range of products and services has been significantly expanded, as has our geographical spread – with offices in Australia, France, Germany, Ireland, South Africa and the USA; all our overseas offices operate with the appropriate local regulatory permission.

Our company has been built upon delivering a professional, dependable, reliable and friendly service to both companies and individuals. This is why the vast majority of our clients stay with us throughout their personal and business lives.

In the UK, *our UK Wealth Division*, based in Cheshire, Yorkshire and London have collective adviser experience of over 120 years in providing financial advice to both individuals and small to medium sized companies, with many high profile clients in sports, media & entertainment, looking after the needs of not only professional footballers, but entertainers, actors, TV and radio presenters, fashion models and record producers.
