Alexander Beard - About Us

Alexander Beard celebrated its 30th anniversary in 2017. The business was founded by its current Executive Chairman Paul Beard, who continues to lead the business. It has now grown into a worldwide financial services company with offices on 4 continents.

Since the business was formed in 1987, our range of products and services has been significantly expanded, as has our geographical spread – with offices in the USA, Australia, The Netherlands, South Africa, France, and Germany. All our overseas offices operate with the appropriate local regulatory permission.

Our business has been built upon delivering a professional, dependable, reliable and friendly service to both companies and individuals. This is why the vast majority of our clients stay with us throughout their personal and business lives.

In the UK, the partners of *Alexander Beard Wealth LLP.*, based in Cheshire, Yorkshire and London have collective experience of over 120 years in providing financial advice to both individuals and small to medium sized companies, as well as specialist knowledge of the medical and legal professions, as well as sports, media & entertainment looking after the needs of not only professional footballers, but entertainers, actors, TV and radio presenters, fashion models and record producers.

Alexander Beard International Benefits B.V. is an employee benefits consultancy which applies its particular skills to providing packages of employee benefits for international companies who have small to medium sized groups of employees based here in the United Kingdom and Europe (through our dedicated office in the Netherlands). We advise upon and administer a range of benefits including Death in Service, Private Healthcare, Group Personal Pensions, Travel and Disability Insurance as well as offering an online flexible benefits portal.

Internationally, Alexander Beard's global services division focuses upon services to families emigrating from the UK as well as globally mobile expatriates from Britain, Australasia, the USA and South Africa. The motto of this division is: "*Looking after you wherever you go and looking after what you have left behind*".

For the last 15 years, our International Retirement Plan offers globally mobile retirement and healthcare plans for expatriate workers in the international schools, charities and NGO sectors around the globe.
